2023 USAT COLLEGIATE DRAFT-LEGAL TRIATHLON ATHLETE CHECKLIST

Dear Athlete or Coach,

I'm looking forward to seeing you compete at the upcoming USAT Collegiate draft-legal triathlon. Before you arrive to put your hard work to the test there are several things I would like to bring to your attention.

The rules of competition are not difficult to follow. However, there are several ways you can change the outcome of your competition in a negative way.

- Arrive with the incorrect bike gear. (Not allowed to start if not corrected)
- Helmet does not meet established standards and labeling from a National Federation associated with World Triathlon. (Not allowed to start if not corrected)
- Early start. (:10 seconds)
- Leave gear outside the Transition basket after the swim. (:10 seconds)
- Mount your bike prior to the mount line. (:10 seconds)
- Athletes who have been lapped on the bike course (this includes not making it out of Transition before the lead athlete completes his/her first bike lap) when the lap out rule is in effect. (LAPPED/DSQ)
- Not completing the appropriate number of laps on the bike or run. (DSQ)
- Dismount your bike after the dismount line. (:10 seconds)
- Leave gear outside the Transition basket after the bike. (:10 seconds)
- Behaving in an unsportsmanlike manner. (DSQ)
- Athletes who miss the athlete's meeting without an excused absence will receive a :10 penalty in T1.

Please take some time to read through the following pages so you can be best prepared to have a successful competition. The information contained within these pages points out important competition details, however, it is not a complete listing of the rules. I encourage you to familiarize yourself with all the rules of competition that are contained in the USA Triathlon Multisport Rules of Competitions at www.usatriathlon.org.

All questions should be emailed to paul.brandt@usatriathlon.org.

Best of luck to you!
