- 1.3. Provide a comprehensive, step-by-step description of the method that explains how athletes will go through the selection process (include maximum Team size).

NPC Qualification Slots:

- The qualification slot is allocated to the NPC, not to an individual athlete. In the case of a Bipartite Commission Invitation the slot is allocated to the individual athlete, not to the NPC.
- An NPC may be allocated a maximum of two (2) qualification slots per medal event for a maximum total of sixteen (16) qualification slots. Exceptions may be made via the Bipartite Commission Invitation Allocation method.

Maximum Entry:

- An NPC can enter a maximum of two (2) eligible athletes per medal event. Exceptions may be made via the Bipartite Commission Invitation Allocation method. Each entry must be made in the medal event for which the qualification slot was obtained.

1.3.1 NPC Qualification Slot System

In accordance with ITU regulations, eligible athletes in certain sport classes have the opportunity to obtain a qualification slot in a medal event for a different (higher) sport class. For this purpose, the ITU establishes designated Paralympic Qualification Rankings. These common rankings will be structured as follows for each medal event:

- PTWC in both genders: comprising both classes PTWC1 and PTWC2;
- PTVI in both genders: comprising the classes PTVI1, PTVI2 and PTVI3;
- Men's PTS4: also including athletes from classes PTS2 and PTS3;
- Men's PTS5: including only athletes from class PTS5;
- Women's PTS2: including only athletes from class PTS2;
- Women's PTS5: also including athletes from classes PTS3 and PTS4.

Distribution of Allocation Slots:

- PTWC Men: 9
- PTWC Women: 9

- PTS2 Women: 9
- PTS4 Men: 9
- PTS5 Men: 9
- PTS5 Women: 9
- PTVI Men: 9
- PTVI Women: 9
- Bipartite (gender-free): 8

Timeline of Allocation Slots:

- June 28, 2019: Start of the period for athletes to attain performances to be recorded on the ITU Male and Female Paralympic Qualification Rankings
- June 28, 2020: End of the period for athletes to attain performances to be recorded on the ITU Paralympic Qualification Rankings
- July 13, 2020: ITU notifies in writing to the NPCs the allocation of qualification slots and Bipartite Invitations
- July 22, 2020: NPCs confirm in writing to ITU the use of allocated qualification and Bipartite slots
- July 29, 2020: ITU confirms in writing to the NPCs the reallocation of all unused qualification and Bipartite Commission Invitation slots

1.3.2 Bipartite Commission Invitation Slots

- Bipartite slots are in addition to the NPC Qualification Slots as referenced at the beginning of section 1.3.
- Prior to awarding Bipartite slots, the IPC/ITU may invite each National Paralympic Committee to submit an application requesting that an athlete or athletes be considered for a Bipartite slot. USA Triathlon may, but is not required to, submit an application for a Bipartite slot depending on whether or not, as determined by the USA Triathlon Elite Paratriathlon Selection Committee, there are athlete candidates who meet the above principles and who are capable of a top three (podium) result, can positively impact team performance, or are considered to be on track to produce a top three (podium) result in the near future. The selection of a particular athlete for submission to the IPC/ITU for a Bipartite slot will be based on the above and on the discretionary selection criteria set forth in Section 2.1. The USA Triathlon Paralympic Games Selection Committee shall be responsible for making any such selection. USA Triathlon will disclose on its website at www.usatriathlon.org the submission of a particular athlete to the IPC/ITU for a Bipartite slot.

- If the IPC/ITU awards a Bipartite slot to the athlete by name, USAT will accept such athlete to the Team provided he or she meets all the eligibility provisions and other requirements set forth in these Procedures. USAT will disclose the name of any athlete named to the Team via Bipartite invitation.

1.3.3 Selection Process

Athletes will be nominated to the team based on the following criteria, which are in priority order.

1. The USA athlete placing first place in Selection Event #1 and Selection Event #3 (as defined in section 1.2.1 above) in the respective 2020 Tokyo Paralympic Games medal event, will be nominated to the Team provided they placed first in both selection event medal events. A maximum of eight athletes may be nominated via this criterion.
2. If slots remain, one (1) athlete per medal event may, but is not required to, be nominated to the team using the Discretionary Selection criteria described in Section 2. A maximum of eight (8) athletes may be nominated via this criterion.
3. If slots remain, the highest placing USA athlete, not already nominated to the team, for each medal event on the program of the 2020 Tokyo Paralympic Games in Selection Event #1 (as defined in section 1.2.1 above) will be nominated to the Team provided the finish is within the top 3 of the starting field and within 3% of the winner in the respective medal event on the program of the 2020 Tokyo Paralympic Games.
4. If slots remain, the highest placing USA athlete, not already nominated to the team, for each medal event on the program of the 2020 Tokyo Paralympic Games in Selection Event #2 (as defined in section 1.2.1 above) will be nominated to the Team provided the finish is within the top 3 of the starting field and within 3% of the winner in the respective medal event on program of the 2020 Tokyo Paralympic Games.
5. If slots remain, the highest placing USA athlete, not already nominated to the team, for each medal event on the program of the 2020 Tokyo Paralympics Games in Selection Event #3 (as defined in section 1.2.1 above) will be nominated to the Team provided the finish is within the top 3 of the starting field and within 3% of the winner in the respective medal event on program of the 2020 Tokyo Paralympic Games.
6. If slots remain, the highest placing USA athlete, not already nominated to the team, for each medal event on the program of the 2020 Tokyo

Paralympic Games in Selection Event #1 (as defined in section 1.2.1 above) will be nominated to the Team provided the finish is top 5 and within 5% of the winner in the respective medal event on program of the 2020 Tokyo Paralympic Games.

7. If slots remain, the highest placing USA athlete, not already nominated to the team, for each medal event on the program of the 2020 Tokyo Paralympic Games in Selection Event #3 (as defined in section 1.2.1 above) will be nominated to the Team provided the finish is top 5 and within 5% of the winner in the respective medal event on program of the 2020 Tokyo Paralympic Games.
8. If slots remain, the highest ranked USA athlete, not already nominated to the team, for each medal event on the program of the 2020 Tokyo Paralympic Games, on the ITU Paralympic Qualification List as of June 28, 2020 will be nominated to the team.
9. In the event of a tie via criterion eight above, head to head finishing times will be used to determine the winner of the tiebreaker. The athlete with a finishing time closest to the winner at Selection Event #1 (as defined in section 1.2.1 above) will be nominated to the Team. If both athletes did not race in Selection Event #1 (as defined in section 1.2.1 above) then the athlete with a finish time closest to the winner at Selection Event #2 (as defined in section 1.2.1 above) will be nominated to the Team. If both athletes did not race at Selection Event #2 (as defined in section 1.2.1 above) then the athlete with a finish time closest to the winner at Selection Event #3 (as defined in section 1.2.1 above) will be nominated to the Team. If both athletes did not race at Selection Event #3 (as defined in section 1.2.1 above) then the athlete with the highest aggregate ITU Paralympic Qualification List point total as of June 28, 2020 will be nominated to the Team. Should more than one athlete be tied in their aggregate point total, the tie will be broken in the following priority order:
 - Highest individual event score contributing to the aggregate total above
 - Second highest individual event score contributing to the aggregate total above
 - Third highest individual event score contributing to the aggregate total above
10. If any portion of the Selection Event #1, #2, or #3 is cancelled, (e.g. swim cancellation or event stopped due to the weather or safety), the event will no longer serve as an Automatic Selection Event and any results earned by the participants will be considered as part of Discretionary

Selection process. If a ruling of the ITU Official Team shortens any leg, the event will retain its Automatic Selection Event status.

2. DISCRETIONARY SELECTION (if applicable)

2.1. Provide rationale for utilizing discretionary selection (if any):

USA Triathlon believes strongly that athletes should qualify for the Games via objective measures, and would only consider utilizing discretion in unusual situations where USA medal capable athletes have been unable to achieve the objective measures due to accidents, injuries, or other unpredictable scenarios.

Athlete Selection

The purpose of discretionary selection is to allow USA Triathlon the ability to nominate the best athletes to the 2020 Paralympic Games Team who have demonstrated the capacity of a podium result in their respective medal event. The USA Triathlon Paralympic Games Discretionary Selection Committee may evaluate and recommend athletes to be nominated to the team via discretionary criteria, in order to field the strongest, most sound, and medal capable team for the 2020 Tokyo Paralympic Games.

PTVI Guide Athletes

PTVI (visually impaired) guides will be selected via discretion. This will allow for USAT, the USA Triathlon Paralympic Games Discretionary Selection Committee, and the PTVI athlete to ensure they have the best guide for optimal success.

2.2. List the discretionary criteria and explain how they will be used (if any):

Athlete Selection

The following must be achieved to be considered for discretionary selection:

- Athlete has achieved a top three (3) result in a Tokyo 2020 Paralympic Games medal event at a World Paratriathlon Series event during the 2019 or 2020 season.

Additional factors that will be considered (in no priority order):

- Athlete has achieved a top three finish in a Tokyo 2020 Paralympic Games medal event at the 2019 ITU Paratriathlon World Championships.
- Athlete experienced an injury or illness that impeded maximal performance during the selection period.
- Athlete experienced equipment failure, weather, interference, or other external factors, either natural or caused by others, at one or more of the selection events that impeded what otherwise likely would have been a qualifying result.

- Athlete achieved 2019 or 2020 USA Triathlon Paratriathlon National A or B Team standard.

PTVI Guide Athletes

The below factors will be considered in the selection of guide athletes (in no priority order):

Guide athletes are utilized in the PTVI medal event. A guide athlete will typically work with one athlete during practice, competition, and day-to-day activities; therefore, accreditation is typically provided for one guide athlete per qualified PTVI athlete.

- Preference of the qualified PTVI athlete.
- Ability to positively affect the performance of the PTVI athlete.
- Demonstrated expertise of being a guide.
- Knowledge and understanding of ITU rules pertaining to guiding PTVI athletes.

The guide athlete position is contingent on the selection of the visually impaired athlete to be guided. If the visually impaired athlete declines his/her selection or is subsequently removed from the Team after selection, the guide athlete also loses his/her place on the Team.

- 2.3. Provide the name of the committee that will be responsible for making discretionary selections as they deem necessary per Discretionary Selection guidelines in sections 2.1 & 2.2, along with a complete list of the members' titles currently serving on the committee:

USA Triathlon Paralympic Games Selection Committee

- USA Triathlon Director of Paralympic Program
- ~~USA Triathlon Paralympics Program Coordinator~~
- USAT Triathlon Certified Coach (with no athletes in consideration)
- Independent representative (HP sport experience from other NGB)
- Elite Athlete Representative – current or former elite license holder

Decisions by the USA Triathlon Paralympic Games Selection Committee must be confirmed by a majority vote.

Final composition of the USA Triathlon Paralympic Games Selection Committee is subject to approval of the USA Triathlon Paralympic Games Selection Procedures Committee by majority vote and subsequent confirmation by the USA Triathlon Board of Directors.

- 2.3.1. Specify the process that will be used to identify and handle any potential conflicts of interest involving a member of the committee.

Any member of the selection committee that has a possible conflict of interest must disclose it. If such conflict exists, the selection committee member must recuse him/herself from committee discussions and voting. Further, the committee member should not otherwise influence other members of the committee in the selection process. However, a committee member who recused him/herself, but who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and the committee member who declared the conflict of interest does not vote toward the final decision.

3. REMOVAL OF ATHLETES

- 3.1. Prior to entry by name to the Local Organizing Committee by the USOPC, the NGB/HPMO has jurisdiction over potential nominees.

An athlete who is to be nominated to the Team by the NGB/HPMO may be removed for any of the following reasons, as determined by the NGB/HPMO:

- 3.1.1. Voluntary withdrawal. Athlete must submit a written letter to the NGB/HPMO CEO/Executive Director.
- 3.1.2. Injury or illness as certified by a physician (or medical staff) approved by the NGB/HPMO. If an athlete refuses verification of his/her illness or injury by a physician (or medical staff) approved by the NGB/HPMO, his/her injury will be assumed to be disabling and he/she may be removed.
- 3.1.3. Failure to participate in Mandatory Training and/or Competition as defined in Section 9 of these procedures.
- 3.1.4. Violation of the NGB's/HPMO's Code of Conduct (Attachment A).
- 3.1.5. Re-classification by ITU such that the athlete's qualifying performance would not have qualified him or her for the team.
- 3.1.6. Removal by ITU/IPC of the event in which the athlete qualified for the Team from the program of the 2020 Paralympic Games.

An athlete who is removed from the Team pursuant to this provision has the right to a hearing per USA Triathlon Bylaws (Article XIV) and the USOPC's Bylaws, Section 9 and a duty to file a request for a hearing in a timely manner.

- 3.2. Once athlete entries have been submitted to the Local Organizing Committee by the USOPC, the USOPC has jurisdiction over the Team, at which time, in addition to any applicable NGB/HPMO Code of Conduct, the USOPC's Code of Conduct and Grievance Procedures apply. The USOPC's Code of Conduct and Grievance Procedures can be found on the Team USA website.
- 3.3. An athlete may be removed as a nominee to the Team or from the Team for an adjudicated violation of IPC, WADA, IF, USADA and/or USOPC anti-doping protocol, policies and procedures, as applicable.

4. REPLACEMENT OF ATHLETES

- 4.1. Describe the selection and approval process for determining replacement athlete(s) should a vacancy occur:
 - 4.1.1. Prior to submission of Entries by Name to the Local Organizing Committee, including any applicable group or committee:
The next athlete who qualifies via the procedures outlined in Section 1.3 will be the replacement athlete.
 - 4.1.2. After submission of Entries by Name to the Local Organizing Committee, including any applicable group or committee:

If allowed by the Local Organizing Committee, the next athlete who qualifies via the procedures outlined in Section 1.3 will be the replacement athlete.

If not allowed by the Local Organizing Committee, there will be no replacement.

While waivers for any mandatory training will not be unreasonably withheld, waivers will be granted only for illness, injury or other incapacity, or for personal/family emergency. All selections to the team should arrange for appropriate time off from school, work or other obligations well in advance of team activities. Requests for a waiver must be submitted in writing to the Director, USAT Paralympic Program for review. A written response to all requests will be issued to the athlete within 72 hours of the request.
