Your club has now been created in AES, and you can register for events!

TIPS:

- You will be asked to enter a Club Code, which is your 5 alpha code that is an abbreviation of your club name. *USAV affiliated clubs get a unique club code from their region, non-USAV affiliated can enter any code.*
- If you receive a message stating the Club Code is already in use, please contact AES Support as it is likely your club already exists. AES support can help get you setup quickly.
- If your club already exists in AES, then click Sign In in the upper right corner and enter your username and password.
- Having issues logging in?
  - Use the Forgot Password tool to have your password emailed to you.
  - Use the Forgot Username tool if you are unable to remember your username.
Create a Team

Before you register for an event, you will need to create a team.

1. Click on Teams from the left-hand navigation bar

2. Click Add Team on the bottom right of the screen

3. Fill out the information for your team, and click Create Team:
TIPS:

- Rank is the rank within your club for teams within your club. If you only have 1 team in an age group, then the rank will always be 1. If you have three teams, the best team is ranked 1, and the third team will be 3.
- Team Name, we recommend using an abbreviation for your Club Name along with the division and rank.
  *Example. Club AES 12-1

If you have more than one team in your club, please continue to add teams as needed.

2. Enter the player’s information and click Create Player at the bottom of the page.

TIPS:

- The most important information that needs to be filled in for AES to verify a record is the name as it appears in the USAV record, date of birth, gender, and the full member ID number (for example in the record listed below, the member ID is TEST3227951FR19)

- Ask your teammates to send you a picture of their USAV Membership page. This will help to make sure you have the correct information for your players, and will help AES to automatically verify your players:

The player is now listed in your club.
NOTES:

You will notice if a player’s account has been verified through USAV, there will be a green check mark next to the USAV number. This means the name, DOB and USAV membership number match, and the player has a current membership, and is compliant.

USAV will be working to verify these numbers periodically, but please keep an eye on your account as the event gets closer, as all of there numbers will need to be verified in order for your team to be in compliance.
