3) U.S. Speedskating Foundation (USSF) Report
Mr. Schoon reported that the fund is stable and continues to perform above market averages. The USSF BOD has made recommendations on changes to the USSF Bylaws and Articles of Incorporation for consideration by the USS BOD. The changes are intended to generate additional dollars to the corpus of the fund and include increasing the number of directors to help achieve this goal. There is a need to raise the corpus and the new bylaws are set up to help achieve that goal.

Mr. White motioned for approval on the changes to the USSF Bylaws and Articles of Incorporation. Second by Mr. Mealing; approved.

Five Directors of the USSF Foundation were presented to the USS BOD for appointment;

Ms. Sandvig-Shobe motioned to change section 6.8 of the USS Bylaws to; no Director of the board, except for Independent Directors, shall serve more than two (2) consecutive terms. Independent Directors will not have any limitation on the number of terms that they may serve.

Second by Mr. Maxwell; approved. Mr. Carleton, Mr. White and Mr. Mealing abstained.

5) USOPC Update
Mr. Morris updated the BOD on the Empowering Olympic and Amateur Athletes Act of 2019, introduced by Senators Moran and Blumenthal. This legislation proposes amendments to the Ted Stevens Olympic and Amateur Sports Act. The BOD discussed the recommendations on athlete representation, the possibility of an Inspector General being appointed, and a greater focus on athlete safety. Mr. Morris shared that the bill is in its early stages, with many congressional voices still to way in.

The Olympic assembly will be held from Sept. 11th-13th.

6) AAC Update
Mr. Bedford shared that the USOPC AAC is considering forming a separate organization that would be outside of the USOPC. They have begun the process of forming a 501c3 and have engaged with an attorney and fundraiser, and have discussed bylaws. The proposal to form a separate group will be voted on at the upcoming Olympic Assembly. Ms. Schoutens mentioned that the USS AAC discussed and supports Mr. Bedford’s point of view that this does not seem like the right direction for the USOPC AAC.

7) ISU Update
Mr. Morris reported on efforts among several countries (Canada, Netherlands, Japan, USA) to establish a working group to engage with ISU Staff on a mutually beneficial event hosting model. The idea being that we’re more powerful as a collective group than as individual nations. There was a productive initial meeting held in Amsterdam in July with a follow-up meeting set for late September. Mr. Morris expressed optimism that the model would be changing in a more favorable direction for USS.
