### 1.7 Selection

All times submitted must be from USS or ISU sanctioned events with a published protocol. The team will be selected based on the pool of eligible athletes (based on the selection criteria outlined in 1.3 above).

There will be a single qualifying event for the Long Track Team. The event will be the American Cup Long Track 2, December 6-8, 2019 in Roseville MN.

If for any reason, American Cup Long Track 2 is canceled, rescheduled, moved or changed, in part or whole in any way, or, otherwise cannot fulfill the purpose of being the qualifying event, an attempt will be made to designate an alternative event as close as possible to the original date and location of AmCup LT 2. In any event, the qualifying event must be completed by December 9<sup>th</sup>, 2019. *If a single event cannot be completed, the provisional plan for team selection will be to rank the skaters on the basis of personal best times from any metric style event held in accordance with ISU rules (coaches time trials do not count). Skaters will be ranked in each distance skated between the dates of August 15, 2018 and December 3<sup>rd</sup>, 2019, and follow the selection process using these times as if they were skated in a single competition.*

- 1.7.1 Eligible athletes who are competing at a World Cup and are unable to attend the Qualifying event will be considered and will be ranked by time based on their best world cup performance.
- 1.7.2 The 1<sup>st</sup> ranked skater in each distance will be ranked at the top of the order of eligibility in ascending order of their time as a percentage of the senior world record. Then the 2<sup>nd</sup> ranked skater in each distance will be added in the same fashion, in ascending order of their time as a percentage of the world record. Once a skater has been ranked in the order of eligibility for their best placement (highest finish) in a distance they will be skipped in subsequent finishes. This process will continue until all skaters are ranked in the order of eligibility. The team will be selected from this overall ranking. The top 3 spots will be chosen first, regardless of part-time or full-time student status. Remaining eligible athletes will be ranked based on their

performance and their current student status. Priority for filling the additional 3 spots will go to students enrolled full time (defined as 12 or more credit hours or 3 or more classes).

Once the team is selected, the distance order of eligibility will be created and used to determine the skaters entered into the individual events. This order of eligibility will be based on the following:

- Placement at World Cup competition prior to American Cup 2
- Placement in the event at American Cup 2
- Season Best Time since July 1, 2018
- Personal Best since July 1, 2017
- Career Personal Best

Skaters will have the chance to accept or decline their start position in the individual events. As skaters are placed into individual distances, all skaters will skate in two distances before anyone can skate 3. Then, all skaters will skate in 3 distances before anyone can skate 4. Then, all will skate in 4 before anyone can skate 5. The Team Pursuit event does not count in this number. A skater is not obligated to skate more events than they wish and can choose to opt out of events they are eligible for.

Team pursuit teams will be determined by the samalog of the 1500m and 3000m times for women and the samalog of the 1500m and 5000m times for men, skated at the qualifying event. In the event the provisional process is used, the times used will be the personal best times for these distances skated between August 15, 2019 and December 3, 2019.

- 1.7.3 In the event that an eligible athlete declines the invite, the next athlete on the list by order of ranking will be invited. The process will be repeated until a full team of athletes is chosen or until the pool of additional eligible athletes is exhausted, whichever comes first.
- 1.7.4 Two additional athletes will be identified from the order of eligibility as alternates. Alternates will have to meet all the selection criteria and will be officially registered with BTI (organizing committee). Should an athlete have to withdraw after December 18th for any reason they will only receive their deposit if another athlete from the alternate list is available to take their place.

## **1.8 REMOVAL OF ATHLETES**

Prior to acceptance of selections to Team USA by the United States International University Sports Federation (US-IUSF), US Speedskating has jurisdiction over potential nominees.

If an athlete refuses verification of his/her illness or injury by a physician (or medical staff) approved by US Speedskating, his/her injury will be assumed to be disabling and he/she may be removed.
- 1.8.3 Violation of US Speedskating's Code of Conduct ([http://www.teamusa.org/~media/US\\_Speedskating/About-USS/Safe-Sport/Code-of-Conduct.pdf?la=en](http://www.teamusa.org/~media/US_Speedskating/About-USS/Safe-Sport/Code-of-Conduct.pdf?la=en)) or any other codes or regulations governing the athlete's participation.

Once an athlete selection is accepted by the US-IUSF, the US-IUSF has jurisdiction over the Team, at which time, in addition to any applicable US Speedskating Code of Conduct, the US-IUSF's and the USOC's Code of Conduct and Grievance Procedures apply. The USOC's Code of Conduct and Grievance Procedures can be found at: <http://www.teamusa.org/Athlete-Resources/Athlete-Ombudsman>
- 1.8.6 An athlete may be removed as a nominee to the Team or from the Team for an adjudicated violation of IOC, PASO, IPC, WADA, IF, USADA, US-IUSF, and/or USOC anti-doping protocol, policies and procedures, as applicable.
- 1.8.7 An athlete will not receive their deposit back for any involuntary withdrawal per Sections 1.8.3, 1.8.4, 1.8.5, and 1.8.6 under any conditions. If an athlete voluntarily withdraws per 1.8.1 or due to injury per 1.8.2, a deposit may be refunded if an alternate is able and willing to take the place of the withdrawn athlete. If not, then no refund will be made under these circumstances either. The deposit is defined as the entirety of the Non-Airfare Costs outlined in Sections 1.4 and 1.5, due on the dates outlined in Section 1.2.
