US Speedskating is accepting applications for its spring 2022-23 sports science internship. The internship runs from approximately June 1, 2022 to March 31, 2023. A $500/month stipend will be provided to help offset living expenses during the completion of the internship.

Opportunities and Expectations
- Learn among highly experienced professionals in a collaborative, high performance sport environment
- Support daily athlete assessment, monitoring, S&C sessions and other applications
- Participate in bi-weekly High Performance Team meetings
- Collaborate on assigned interdisciplinary High Performance Team learning initiatives
- Contribute to daily operations and administrative tasks

Qualifications
- Senior status or completion of a bachelor’s degree in a related area of study
- Experience as a volunteer, intern, or professional from strength and conditioning and/or sport science
- Demonstrated competency in data science, including use with Microsoft Excel
- Certification or plans to acquire certification from a related profession (CSCS, SCCC, USAW, etc.)

Successful Attributes
- A strong desire to pursue a career in high performance sport and have a strong interest in sport science
- Punctuality, passion, growth mindset and a strong work ethic
- Ability to volunteer up to 40 hours/week

The Sport Science Intern will receive:
- Experience working in an innovative Olympic High Performance sport setting
- A custom sport science education curriculum based on individual interests and career goals (Program Design, Individualization, Technique Acquisition, Data Collection & Management, etc.)
- Academic or continuing education credit depending on individual circumstance
- Opportunities to grow one’s professional network
- Potential recommendations for future employment

Deadlines
- Applications will be accepted until April 15, 2022.
