US Speedskating Announces Long Track World Championship Team

Nine Olympians highlight the roster skating at the official Winter Olympics long track test event

KEARNS, Utah – US Speedskating announced today the 2016-17 ISU World Single Distance (WSD) Championship team that will skate in Gangneung, Korea on February 9-12. The event is the official 2018 PyeongChang Winter Olympic Games test event and the first speed skating races ever held at the newly constructed Gangneung Oval.

Current ISU Grand World Cup leader Heather Bergsma (High Point, N.C.) and seven-time WSD Championship medalist Brittany Bowe (Ocala, Fla.) are two of many headliners on the U.S. team. Bergsma, a two-time Olympian, has five World Cup victories this season and has won six career WSD Championship medals. Bowe, the back-to-back World Sprint champion, sat out the first three World Cup events this season due to an injury but qualified for the WSD Championships in the 500m and 1000m by racing in World Cup Heerenveen including winning bronze in the 1000m.

Leading the men will be two-time Olympic champion Shani Davis (Chicago, Ill.) and 2014 Olympian Joey Mantia (Ocala, Fla.). Davis has won 15 career WSD Championship medals with eight of those being gold medals. Mantia currently ranks third in the men’s ISU Grand World Cup standings and leads the men’s 1500m and Mass Start overall point rankings.

Of the 11 skaters making the team, nine of them are Olympians and six competed in last year’s WSD Championship roster that competed in Kolomna, Russia.

“All 11 athletes on the roster have made tremendous progress over the course of the season and we expect them to have excellent results in Gangneung and through the rest of the season,” said Guy Thibault, High Performance Director for US Speedskating. “We will be one year away from the 2018 Winter Olympic Games when racing begins in Korea. This meet is an important stepping stone in our Olympic preparation going forward and gives us a taste of what’s to come next February.”

Also representing the U.S. in Gangnueng will be 2015-16 World teammates KC Boutiette (Tacoma, Wash.) and Mitch Whitmore (Waukesha, Wisc.). They are joined by three skaters with previous WSD Championship experience, in Jonathan Garcia (Houston, Texas), Brian Hansen (Glenview, Ill.) and Mia Manganello (Crestview, Fla.). Making their first career World Singles roster will be Petra Acker (Clifton Park, N.Y.) and Kelly Gunther (Clinton Township, Mich.), who will be partnering with Manganello for the Women’s Team Pursuit event.

In addition, Bergsma, Garcia, Sugar Todd (Omaha, Neb.) and Whitmore earned rosters spots for the World Sprint Championship team that will compete in Calgary on February 25-26. The World Sprint team was selected following the U.S. Long Track Championships that took place at the Utah Olympic Oval in Kearns, Utah on January 6-8.
