Ted Morris
Executive Director
U.S. Speedskating

Dear Ted,

Enclosed is the United States Olympic and Paralympic Committee's (USOPC) report on the 2019 Compliance Checklist for U.S. Speedskating. We want to express our appreciation for the time you and your staff spent completing the Checklist and providing documents during the review.

U.S. Speedskating was compliant as it specifically relates to the compliance checklist report for the questions outlined below in the following areas: governance/managerial; financial capability; due process and athlete representation; and anti-doping. There was initially one deficiency found in the area of governance/managerial, however, with updates to its policy, U.S. Speedskating remedied this deficiency is now fully compliant. There is also an additional observation in the report that, when implemented, would improve the grievance procedures.

As of September 13, 2019, the USOPC Board approved the revised NGB and HPMO Athlete Safety Policy. In an effort to align the Compliance Checklist process with the NGB and HPMO Athlete Safety Policy, eliminate redundancies, and ensure clarity as it relates to what entity is solely responsible for auditing SafeSport requirements, the auditing of athlete safety requirements now falls under the jurisdiction of the U.S. Center for SafeSport.

The report will be presented to the USOPC Athlete and NGB Engagement Committee and be made available on TeamUSA.org. We hope you found the review process to be helpful. If you have any suggestions, please do not hesitate to share them with us.

Sincerely,

Audit & Organizational Advancement Team

2019 COMPLIANCE CHECKLIST REPORT

U.S. Speedskating

OBJECTIVE AND SCOPE

The objective of the review is to verify U.S. Speedskating is in compliance with key elements of the Ted Stevens Olympic and Amateur Sports Act, the USOPC Bylaws and certain USOPC policies, in order to demonstrate ongoing commitment to the values and requirements of membership in the USOPC. The scope includes the 2019 Compliance Checklist certified by U.S. Speedskating and the supporting documents provided by U.S. Speedskating. Compliance Checklist procedures are designed to verify that certain NGB policies are in place. This Compliance Checklist does not conclude on the effectiveness of any policies reviewed. Additional audit procedures are completed on select NGBs each year to verify various policies and processes are being followed.

The following chart shows all the requirements in the Compliance Checklist and corresponding status for U.S. Speedskating. For any deficiencies, see the explanations and action plans after the chart.

*The U.S. Center for SafeSport has taken jurisdiction over the auditing of Athlete Safety requirements. To that end, as of 9/13/2019, the USOPC will no longer review Athlete Safety requirements which fall under the Center's jurisdiction.

DEFICIENCY

1. Do you have a code of conduct for your employees, members, board of directors and officers?

U.S. Speedskating's Code of Conduct states on the document that members and prospective members are subject to the Code. The U.S. Speedskating Employee Handbook states that employees are subject to the Code of Conduct. According to Article 15, Section 15.1 in the Bylaws, Board members and officers are subject to the Code of Ethics, however it is not clear if they are also subject to the Code of Conduct.

U.S. Speedskating Action Plan: U.S. Speedskating will amend article 15, section 15.1 of their bylaws to include that Board members and officers are subject to the Code of Ethics and Code of Conduct. The change will be made on January 27, 2020.

USOPC Status Update: U.S. Speedskating has updated Article 15, Section 15.1 of its Bylaws to address this deficiency, they are considered compliant as of March 4, 2020.

ADDITIONAL OBSERVATION

During the review we identified an additional area for improvement. The additional observation does not impact the compliant status but could impact it in the future.

18. Do your grievance procedures provide for fair notice and opportunity for a hearing to any athlete, coach, trainer, manager, administrator or official before declaring the individual ineligible to participate?

Auditor reviewed the U.S. Speedskating Criminal Background Screening Disqualification Criteria and Appeals Process. U.S. Speedskating divides disqualifiers into two categories, Automatic and Potential. Individuals in the Potential Disqualifiers category are afforded an opportunity for a hearing and may file a complaint under U.S. Speedskating Bylaws Article 14 if the SafeSport Task Force finds the member disqualified. However, individuals with Automatic Disqualifiers in their background check findings are only afforded a chance to dispute the accuracy of the reported information. If the information is accurate, they are not afforded any further opportunity to be heard and are automatically disqualified.

According to the Ted Stevens Act, NGBs must provide an opportunity for a hearing to an amateur athlete, coach, trainer, manager, administrator, or official before declaring the individual ineligible to participate. The USOPC is concerned that U.S. Speedskating' automatic disqualification rule may be inconsistent with that requirement.

The USOPC recognizes that U.S. Speedskating has adopted the position that successful completion of a background check is a membership requirement and no hearing is required when an applicant is automatically disqualified from membership based on a background check finding. However, because an individual must be a member with U.S. Speedskating to participate, this interpretation could be challenged. If such a challenge was raised, the USOPC would support that challenge being heard by a Section 10 hearing panel, for its consideration and final resolution.

CONCLUSION

U.S. Speedskating updated its policy and is now fully compliant with the USOPC's Compliance Checklist. The Compliance Checklist does not conclude on the effectiveness of any policies reviewed. Additional audit procedures are completed on select NGBs each year to verify various policies and processes are being followed.
