January 22, 2020

Terry Bassett  
Chief Executive Officer  
USA Diving

Dear Terry,

On July 30, 2019, the Audit & Organizational Advancement department issued an Audit Report of USA Diving that included Athlete Safety recommendations identified in issue #15. As indicated in the report, follow-up testing of the Athlete Safety issues occurred on December 11, 2019. The purpose of the follow-up review is to report on the status of recommendations from the 2019 Audit Report. Our methodology was to test the individuals that were given extended background check expiration dates beyond the allowed two-year period. Athlete Safety will continue to be tested and reviewed during future audit processes.

The testing of the Athlete Safety recommendations determined that USA Diving implemented the recommendations and are determined closed.

We thank you and your staff for assisting in the testing and review of the Athlete Safety recommendations.

Sincerely,

The Audit & Organizational Advancement Department
