If the top 4-6 ranked countries in the world are present, payout will include up to 3rd place, per USOPC Athlete Support Guidelines.

FINA Prize Money Funding

The international federation (FINA) allocates prize money for World Series and World Championships. The funds are delivered to the National Organization. USAAS has chosen to allocate 100% of those funds to the athletes that competed in the events that resulted in prize money.

Those funds will be allocated based on the following policy:

World Series – Traditionally points have been accumulated throughout the course of the World Series. In this model an athlete will be paid for the events that they competed in that earned points. The total amount of funds will be divided by the total points earned in that event and a dollar amount per point will be allocated. Each point that the athlete earns will earn them that amount of funds.

World Championships – Traditionally funds are allocated based on placement in each event. The funds earned for that event will be equally divided between the athletes that competed in those events.

All funds will be allocated once disbursed by FINA and received by USAAS.

3. USAAS Commitment to LA Based Training Athletes:

- a. Preferred host family housing company Student Home Stay can accommodate host families, if needed. If there are expenses required by the host family, athletes will be responsible for covering any expenses.
- b. Athletes will have the opportunity to pursue their academic and professional goals around training.
 - They may attend high school online (US Performance Academy is the Online Education partner of USAAS <https://gouspa.org/>.) Athletes may use this service or a service of their choosing).
 - They may choose to take college or graduate classes. Athletes will be able to take the amount of credits necessary to be a full-time student (12 credits). ([General Weekly Schedule Available Here](#))
 - Athletes may also work if they choose.

Note: In all circumstances listed above, their school or work commitments are to conflict with training as little as possible. USAAS understand that there will be conflicts and the athletes'

education or career will come first. Working with USAAS staff to build the best training and athlete schedule will be a priority for all parties.
