~~games in a pool shall play each other with the winner being declared the Number 3 seed in the pool and the loser being declared the Number 4 seed.~~

- a. **Three Team Pools.** In pools of three (3) teams, each team shall play each other team in the pool once and their 3rd game will be scheduled with a cross-pool team. Cross-pool games will not count toward seeding. Cross-team games should be scheduled with another three (3) team pool, if possible.

Comments: Adjusts wording for four team pools and clarifies three team pools. With three pool play games, pools of three will play one cross pool that does not count toward seeding.

Article 311 B 01 c

- c. **Seeding from Pool Play.** Teams shall be seeded into the double elimination bracket by:
01. Win-Loss Record
 02. If a tie exists, tied teams shall be ranked according to the fewest runs allowed per game played
 03. If a tie still exists, tied teams shall be ranked according to the most runs scored per game played
 04. If a tie still exists, there shall be a coin toss

Comments: Clarifies how teams are seeded after pool play

Article 311 B 03 b 02

- ~~02. Any of the top two (2) teams from the previous year's Gold National Championship will be placed into the double elimination bracket in opposite quads if they qualify.~~

Comments: Removes the top two teams from previous year's Gold National Championship from being placed into the double elimination bracket in opposite quads
