CREATE THE FUTURE...
USA Taekwondo believes that providing guidance to athletes and coaches at all stages of an athlete’s career is very important. This document lays out the National Team Pathway for an athlete, pair, or team to earn a spot on the National Poomsae Team in 2021 (Event TBD), giving them the best preparation in terms of both training and competition experience, in order to be ready for this important international competition.

Athletes are advised to work towards three target goals, listed at the bottom of this page. Concise details on how to achieve each goal can be found on the following pages. USA Taekwondo is committed to assisting all athletes and coaches who are striving to meet these goals.

Working within the Athlete Academy will be a great opportunity, but you can still achieve everything you want without participating, however we believe the Academy offers incredible benefits to the athletes and their coaches, so we encourage you to take full advantage of this new and valuable benefit being offered.

We wish you the best of luck, and are eager to help you every step of the way, as you work to make your taekwondo dreams come true.

If you have any questions about this process after reading please email dani.sweigard@usa-taekwondo.us - we will publish an FAQ with answers shortly.

1. Be selected for entry into the USA Taekwondo Athlete Academy
2. Qualify for the U.S. National Poomsae Team Roster
3. Become a 2021 National Poomsae Team Member
USA TAEKWONDO MAJOR TOURNAMENTS?

The Majors are an exciting new concept designed to provide a clear and transparent pathway to qualification for both the Athlete Academy AND the National Team for all Poomsae World Class Black Belt athletes.

Whenever you see the ‘Major Tournament’ logo/classification on an event poster, or our event calendar, you will know that winning gold gets you a place in the U.S. Athlete Academy AND on the new National Team Roster*, from which all National Team members will be named in the future! You can also claim a spot in the Academy by impressing the National Team coaches in Talent ID camps and tournaments. You will find further details on these programs on the following pages.

USA Taekwondo is committed to ensuring that U.S. athletes have enough reason and opportunity to compete regularly, and at a consistently high level, to ensure that they are as prepared as possible when entering major international competition. The Majors’ concept is being introduced to provide incentive to athletes with a National Team goal to compete to win against high quality opposition, along with an assurance that you are signing up for a top quality event.

If an event is given Major Tournament status you can be sure of the following:

1. The event will be professionally run
2. The event will strictly follow World Taekwondo competition rules
3. The competition will be tough - we will not name ANY tournament a Major if we do not believe athletes of significant quality will be in attendance to compete against

USA Taekwondo believes in our athletes and will do everything possible to help YOU maximize your potential and achieve greatness. It's time to Create the Future, together.

*If any division is won by a non-U.S. athlete the results of the best U.S. finisher will be considered for inclusion in the Athlete Academy, and the highest placed U.S. medalist will qualify for the National Team Roster. However only a gold medal will count towards dominant athlete status. If the cut-off date for qualifying for a National Team Event happens prior to a listed Major Tournament then that Major Tournament will no longer be a qualifying event. Cut-off date for qualifying for a National Team Event will be 12 weeks prior to the first competition date unless otherwise stated.
The USA Taekwondo Athlete Academy is an exciting new initiative designed to provide high quality training and competition opportunities to the very best U.S. Athletes. Athletes inducted into the Academy will work with national coaches in conjunction with their home coach to ensure growth, improvement, detailed knowledge of the international style game and preparedness for future international events.

Intensive Academy training camps will be held quarterly for all Poomsae Academy Athletes and their home coaches and some athletes will be invited to train more frequently. Regardless of where they reside, Academy Athletes will have contact with National Team Coaches with the goal, in conjunction with their home coach, to ensure that each Team USA athlete has the best preparation possible for the upcoming competitions, and for a long and successful career.

WHAT IS THE...
U.S. NATIONAL POOMSAE TEAM ROSTER?

U.S. National Teams for major international competition will be named from the National Team Roster, a pool of athletes who have qualified through the method below - either by winning Major Tournaments or excelling in tournaments and camps and being chosen as wild cards. Athletes, pairs, and teams will have numerous opportunities in competitions and through the Academy system to qualify for the National Team Roster over a specified period of time, allowing them to demonstrate consistency of performance on more than any one given day. Qualifying for the National Team Roster also grants you a place in the Athlete Academy, and frequent opportunities to train and prepare at the highest level for your shot at the U.S. National Poomsae Team.

WHAT HAPPENS WHEN I MAKE...
U.S. NATIONAL POOMSAE TEAM ROSTER?

Once you make the U.S. National Poomsae Team Roster you will be eligible for a spot on the U.S. National Poomsae Team! In preparation, National Team Coaches will work with you and your home coach to ensure you are as ready as you can be for the step up to international level competition. This preparation will consist of quarterly National Team Roster Training Camps, where you will work with the National Team Coaches, and you will be provided with a training plan to work on when back with your home coach. National Team coaches will maintain regular contact with both you and your home coach through your Athlete Profile on our Talent ID site to check on your progress between camps. Details of final qualification for the Team Spot are on the next pages - please read them CAREFULLY to make sure you and your coach understand the process fully!
WHAT IS A...
DOMINANT ATHLETE?

The Dominant Athlete designation is a new concept for taekwondo in the United States, which rewards consistency of performance with a guaranteed National Team spot if specific criteria are met. While it will be hard to earn - and it is only available by winning multiple gold medals in some of the toughest competitions - it is recognition and reward for ‘dominating’ in your division, and a much more performance and data-driven method of team selection than the sport has seen employed before.

There should be no doubt - if you qualify for Team USA through this method no one will be able to say you didn’t earn it!

It is possible (but unlikely) that two athletes may meet the criteria to earn Dominant Athlete status. In this case, those athletes will compete in a Team Trial for the National Team position.

A Dominant Athlete, Pair, or Team is an athlete who has:

1. Demonstrated recent ability to win major tournaments
2. Performed consistently by winning more than once in the previous 12 month period
3. Has an unmatched competition record in the previous 12 months

If there is no athlete, pair, or team demonstrating dominance in any given division, then all athletes who qualified for the National Team Roster via the methods described on the previous page will be entered into a seeded (if necessary) Team Trial for the National Team position in that division. It is important to compete in Major Tournaments even if you cannot make Dominant Athlete status, as your performance may have a significant effect on your seed in any team trial!

This new system will give every athlete a fair and equal chance to prove they have what it takes to be the National Team Member, while also recognizing the very best who have proven it in the only place that matters - on the mat - and rewarding them for that dominance in competition with a highly coveted Team USA spot!
BECOME THE DOMINANT ATHLETE TO QUALIFY AUTOMATICALLY FOR THE NATIONAL TEAM!

If two (or more) athletes qualify for Dominant Athlete status through this method ONLY those athletes will be eligible for the team trial.

PATH 1: BECOME THE DOMINANT ATHLETE

WIN + WINS + WINS

PATH 2: IF THERE IS NO DOMINANT ATHLETE ALL NATIONAL TEAM ROSTER ATHLETES WILL COMPETE IN A TEAM TRIAL.

Twelve weeks prior to the first competition date of the (Event TBD) the results of ALL athletes who have qualified or been selected for the National Poomsae Team roster in the previous 12 month period will be assessed by the USA Taekwondo Selection Committee to determine if any athletes have met the criteria to be named as a Dominant Athlete.

- If there is ONE dominant athlete in a division that athlete will be automatically named to the team.
- If there are TWO (or more) athletes have met the criteria to be named as Dominant Athletes a Team Trial will be scheduled between those athletes no later than 8 weeks prior to the first competition day of the (Event TBD).
- If there are NO dominant athletes in a division ALL qualified National Team Roster athletes will compete in a seeded (if necessary) team trial no later than 8 weeks prior to the first competition date of the (Event TBD). There will be no limit placed on the maximum number of athletes everyone who has qualified for the National Team Roster will be invited. For clarity, this Team Trial is GUARANTEED if no athlete achieves Dominant Athlete status.

If there is no dominant athlete ALL qualified Roster athletes will compete in a seeded (if necessary) team trial based on points and/or point totals. Please note, in a team trial scenario, an athlete who qualified for the Academy but has subsequently aged up into a new division may still be added to the National Team Qualification Roster if judged to be of sufficient quality and medal capable by the Athlete Academy coaches.

Athletes selected for the National Poomsae Team Roster as wildcard entries by the Selection Committee will receive the lowest seed. An athlete will only be eligible for consideration as a National Team Roster wildcard if they are proven at international level and have medaled in a minimum of two World Taekwondo G-rated events in the previous twelve months. If there are two or more unseeded athletes in the same division, seeds for those athletes will be decided by random draw.

The dominant athlete OR winner of the team trial (if applicable) will be named to the 2021 National Poomsae Team in the division they competed in and move on to the final preparation phase, consisting of training camp(s) and collaboration between home and National Team coaches. Good luck to EVERYONE!

WHO IS ON THE SELECTION COMMITTEE?

The Selection Committee is responsible for determining dominant athlete statuses and adding potential wildcards to any team trial will be comprised of the following individuals:

- Dan Chuang - USA Taekwondo Poomsae Head Coach
- Non-conflicted Athlete Representative - Chosen by the AAC
- May Spence - Director of High Performance
- Non-conflicted Coach - chosen by the Executive Director Steve McNally
