

2019 Beach High Performance National Tryout

Purpose and Mission of High Performance Tryouts

The mission of High Performance is to identify, train, and develop elite athletes and coaches to build a sustainable pipeline of future Olympians and Paralympians. High Performance bridges the gap between our Senior U.S. National Teams and high potential athletes. The High Performance National Team “Pipeline” is for volleyball athletes who aspire to reach the elite level of their sport and is intended to grow the pool of talented young players who may someday compete for a spot on the U.S. National and Olympic Teams.

USA Volleyball High Performance has January 1 cutoff versus September 1 for club
