1.1.2. Minimum International Paralympic Committee (IPC) standards for participation:

Any competitor in the 2022 UCI Para-Cycling Track World Championships must be a national of the country of the National Paralympic Committee (NPC) which is entering such competitor. For additional information regarding an athlete who is a national of two or more countries, has changed his or her nationality or acquired a new nationality, refer to the UCI Rules for World Championships (<https://www.uci.org/inside-uci/constitutions-regulations/regulations>).

At the time of selection an athlete must have an UCI International Classification with an international sport class status of R-Review, FRD-Fixed Review Date or C-Confirmed, or if there has been no opportunity for the athlete to undergo international classification evaluation, the athlete must be evaluated by USOPC medical and/or Paralympic staff and determined likely to classify in the sport class in which he/she would be qualified for the Team; provided that athletes without an international sport class status are allowable for submission on the official team entry into this competition. USA Cycling Para-cycling Track National Championships  
Carson, CA  
September 9-10, 2022

1.2.2. Describe how athletes qualify for the events and listed above in 1.2.1. (if any).

No preliminary or qualifying events are required.

1.3. Provide a comprehensive, step-by-step description of the method that explains how athletes will go through the process to be selected to the team (include maximum team size).

The maximum Team size will be twelve (12) athletes, not including tandem pilots our outgoing World Champions (if applicable).

A. Cycling Athletes: Three (3) processes will be utilized to select cycling athletes to the Team.

- i. First, outgoing Individual Track World Champions will be selected to the Team per UCI Rule 9.2.065 (<https://www.uci.org/regulations/3MyLDDrwJCJ0BGGOfzOat>) An athlete selected to the Team pursuant to this process will be awarded a start right in the event(s) in which he/she qualified and may have the opportunity to compete in additional events where open start positions are available.
- ii. Second, up to five (5) male and four (4) female athletes will be selected to the Team based on the results of the individual pursuit (IP) and the 1km or 500m time trial (TT) at the USA Cycling Para-cycling Track National Championships in Carson, CA.
  - a. Only athletes who qualify in an event/sport class for which there is an open start right (per the UCI "World Championships Qualifying Places" document, published by the UCI on their website) will be eligible for

- selection.
- b. Each athlete's results from the selection event will be included in a ranking list (separate ranking lists for men and for women) by expressing the results as a percentage vs. the National Track standards (Attachment B). Each result will be rounded to the nearest one hundredth of a second. Athletes may have up to two (2) results on the ranking list (IP and TT).
  - iii. Third, up to three (3) athletes of any gender, not including tandem pilots (if applicable), **may** be nominated to the Team based on a discretionary selection process. The discretionary selection criteria utilized to select these athletes is detailed in Section 2 below.

Athletes selected under step 1.3.A will be notified no later than 8:00 pm Pacific Time on September 10, 2022.

Athletes selected to the Team must accept or refuse their participation electronically within 48 hours of notification that they have been selected.

All athletes selected to the Team including tandem pilots (if applicable), and who have accepted their participation as part of the Team USA roster for the event, must sign and complete the National Team Agreement, or the non-National Team agreement for the 2022 UCI Para-cycling Track World Championships, on or before October 1, 2022.

The complete Team USA roster for the 2022 UCI Para-cycling Track World Championships will be published at [www.usparacycling.org](http://www.usparacycling.org) on or before September 16, 2022.

Athlete selections to the team will be finalized by U.S. Paralympics Cycling and submitted to the UCI and the World Championships Organizing Committee by the published entry deadline date.

Each athlete selected to the team pursuant to section 1.3.A.iii will receive start rights in the IP and/or the TT at the 2022 UCI Para-cycling Track World Championships, up to the maximum start rights published in the UCI World Championships Qualifying Places document, per sport class and event.

- B. Pilot Athletes: Pilot athletes, if applicable, will be selected to the team utilizing the discretionary criteria for pilot athletes as set forth in Section 2.2.B.
- C. Team Sprint: The Discretionary Selection Committee (Section 2.3), in consultation with the Associate Director, Para-cycling High Performance, shall select the athletes for the Team Sprint to be conducted at the 2022 UCI Para-cycling Track World Championships per the process outlined in Attachment E.

## 2. DISCRETIONARY SELECTION (if applicable)

### 2.1. Rationale for utilizing discretionary selection (if any):

The rationale for utilizing discretionary selection is to allow U.S. Paralympics Cycling the ability

to select athletes based on their overall capabilities, performance and projected development, rather than on a single competition result.

2.2. Define the discretionary criteria to be used (if any):

A. Cycling athletes:

The U.S. Paralympics Cycling Discretionary Selection Committee will consider the following performance-related factors (which are not in priority order):

- i. The athlete's performance in an individual event at UCI Para-cycling Track World Championships or Paralympic Games from the 2019, 2020, or 2021 season.
- ii. The athlete's proven ability to win an individual medal in a specific event scheduled for the 2022 UCI Para-cycling Track World Championships.
- iii. The athlete met a 2022 U.S. Paralympics Cycling National Team Standard (Attachment B).
- iv. The athlete is eligible and is likely to fill a position in a medal-capable Team Sprint roster.
- v. The athlete demonstrates a trend of improving performance in domestic or international competition, that when extended a reasonable distance into the future, intersects the current international performance standards for a top three (podium) finish.
- vi. The athlete experienced an injury or illness that prohibited them from competing in the selection event.
- vii. The athlete can positively impact team performance.
- viii. The availability of an open start right for the athlete's event/sport class.

B. Pilot Athletes:

Pilot athletes are used for the B classifications (visually impaired). A pilot athlete will typically work with one (1) athlete during practice, competition and day-to-day activities; therefore, accreditation allocation is typically provided for one (1) pilot athlete per qualified athlete as outlined in UCI Rule 16.3.006 in the UCI Para-cycling rulebook (<https://www.uci.org/regulations/3MyLDDrwJCJJ0BGGOFzOat>)

The U.S. Paralympics Cycling Discretionary Selection Committee will consider the following performance-related factors (which are not in priority order) in selecting pilot athletes to the Team:

- i. Preference of the qualified visually impaired athlete.
- ii. Ability to positively affect the performance of the visually impaired athlete.
- iii. Demonstrated expertise of the pilot athlete—must have expertise and experience in the assigned athlete's specific event(s).
- iv. Knowledge and understanding of the UCI Rules pertaining to pilot athletes.

Pilot athletes will be held to the same standards and code of conduct as outlined in these Procedures.

The pilot athlete position is contingent on the selection of the visually impaired athlete to be piloted. If the visually impaired athlete declines his/her selection or is subsequently removed from the Team after selection, the pilot athlete also loses his/her place on the Team.

- 2.3. Name of the committee that will be responsible for making discretionary selections, along with a complete list of the members' titles currently serving on the committee:

U.S. Paralympics Cycling Discretionary Selection Committee

Director, U.S. Paralympics Cycling

Director, U.S. Paralympics Internal NGBs

Athlete Representative

- 2.3.1. Process that will be used to identify and handle any potential conflicts of interest involving a member of the committee:

All members of the selection committee must comply with the USOPC conflict of interest policy, to include completing and submitting a disclosure form for review by the USOPC ethics committee prior to convening the committee.

Any member of the selection committee who has an actual, possible, or perceived conflict of interest must disclose it to the USOPC's ethics committee prior to the start of the selection process and/or recuse him/herself from the review process and/or voting. A conflict of interest exists when a personal, family, financial, professional, club, team or business interest of the committee member poses a direct or indirect relationship, connection, or affiliation, past or present, with an athlete in contention for the applicable team selection that could compromise the committee member's ability to participate in the selection process in an unbiased manner. If a conflict exists, the USOPC ethics committee shall review the conflict and determine the committee member's level of involvement (e.g., whether that committee member must recuse him/herself from participating in discussions and/or voting). For example, if it is determined that a committee member must recuse him/herself from voting, the ethics committee may still determine that a committee member who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and so long as the committee member with the conflict of interest does not vote toward the final decision. The committee member must not otherwise influence other members of the committee in the selection process.

Additionally, any person (including any potentially impacted athlete or coach of a potentially impacted athlete) with a good faith belief that a committee member has a conflict of interest may report the alleged conflict of interest to NGB/PSO's ethics committee. Reports may be made anonymously. No committee member shall retaliate in any way against a person who, in good faith, reports an alleged conflict of interest.

Any recused individual shall be replaced in accordance with the USOPC selection committee appointment process.

### 3. REMOVAL OF ATHLETES

- 3.1. Prior to submission by U.S. Paralympics to the UCI and the World Championships Organizing Committee, an athlete who is to be selected to the team by U.S. Paralympics Cycling may be removed for any of the following reasons, as determined by U.S. Paralympics Cycling:
  - 3.1.1. Voluntary withdrawal. Athlete must submit a written letter to the Director, U.S. Paralympics Cycling.
  - 3.1.2. Injury or illness as certified by a physician (or medical staff) approved by U.S. Paralympics Cycling. If an athlete refuses verification of his/her illness or injury by a physician (or medical staff) approved by U.S. Paralympics Cycling, his/her injury will be assumed to be disabling and he/she may be removed.
  - 3.1.3. Failure to participate in Mandatory Training and/or Competition as defined in Section 9 of these procedures.
  - 3.1.4. Violation of the USOPC Code of Conduct for U.S. Paralympics National Teams and Paralympic Programs (Attachment A).
  - 3.1.5. Non-compliance with the eligibility requirements listed in Section 1.1 of these selection procedures.
  - 3.1.6. Re-classification by the UCI such that the athlete's qualifying performance would not have qualified him or her for the Team.
  - 3.1.7. Removal by the UCI of the event in which the athlete qualified for the Team from the program of the 2022 UCI Para-cycling Track World Championships.

An athlete who is removed from the Team pursuant to this provision has the right to a hearing per the USOPC Complaint Procedures for U.S. Paralympics National Teams and Paralympic Programs or the USOPC's Bylaws, Section 9.

- 3.2. Once athlete entries have been submitted to the Local Organizing Committee by the USOPC, the USOPC has jurisdiction over the Team, at which time, in addition to the U.S. Paralympics Cycling Team Rules (Attachment D), the USOPC's Code of Conduct and Grievance Procedures apply. The USOPC's Code of Conduct and Grievance Procedures can be found at:

<http://www.teamusa.org/Athlete-Resources/Athlete-Ombudsman/Resources/Code-of-Conduct>

the U.S. Center for SafeSport Code and the USOPC Athlete Safety Policy, as applicable.

### 2022 UCI Para-cycling Track World Championships – Team Sprint Selection Process

The discretionary selection committee will select the team sprint roster for the 2022 UCI Para-Cycling Track World Championships. Athletes selected to the team sprint roster must already be selected to the team individually.

- The roster must be comprised of athletes meeting the appropriate team sprint points totals per the UCI team sprint rules.
- In the event that there are not enough eligible athletes to comprise medal-capable team sprint roster, the discretionary selection committee is not required to name a team sprint roster.

Criteria for selecting the team sprint roster:

- The athlete attained a top-5 result as part of a team sprint at the World Championships from the 2019, 2020, or 2021 season.
- The athlete's performance in an individual event from the 2019, 2020, or 2021 season that aligns with the skills and times necessary to contribute to a team sprint medal at the 2022 World Championships.
