UNITED STATES OLYMPIC COMMITTEE
Sport Medicine Division Volunteer Program
Doctor of Chiropractic Application Criteria and Procedures

Preface
Volunteer athletic trainers, chiropractic physicians, massage therapists, medical physicians, and physical therapists together with the United States Olympic Committee’s (USOC) full-time medical staff provide collaborative, integrated, multidisciplinary health care services to athletes registered at the U.S. Olympic Training Centers (OTC) at Colorado Springs, Chula Vista and Lake Placid. Athlete load, (i.e. competitions, sport camps, and resident athletes) dictates the number of sports medicine rotations and the number of sports medicine volunteers invited per rotation at each Olympic Training Center. If selected to participate in the Sports Medicine Division Volunteer Program all travel to the USOTC is at the volunteer’s own expense. The USOC will provide housing, meals, and transportation to and from the airport.

Purpose
The purposes of the USOC Sports Medicine Volunteer Program are to:
1. Identify highly qualified and skilled sports medicine healthcare professionals throughout the United States who are willing to participate in the USOC Sports Medicine Volunteer Program in support of Team USA.
2. Provide evidenced based sports performance medicine in support of the training and competition needs of elite and developing National Governing Bodies (NGB) athletes at the USOTC.
3. Identify qualified and skilled sports medicine healthcare providers who may work more closely with specific NGBs to assist them with their service and event needs.
4. Become familiar with policies, procedures, rules and guidelines of the USOC, International Olympic Committee (IOC), United States Anti Doping Administration (USADA) and the World Anti Doping Administration (WADA).
