With the exception of changes due to the discretionary process outlined below, athletes will maintain their position on the national team at the same status level (A, B, or C Team) held as of 12/31/2020.

Additional Athletes *may* be added to roster and/or athletes may be moved to higher team levels via the discretionary selection process outlined below. Track athletes applying for consideration by the discretionary selection committee should include results for consideration from the following events:

- 2018-2019 U.S. Paralympics Cycling or USA Cycling domestic track competitions
- 2018-2020 UCI International Para-cycling track competitions

---

**ROAD Term #1 (January 1 – June 30, 2021)**

The road team for the first term of 2021 will be comprised of the athletes currently on the roster as of 12/31/2020. With the exception of changes due to the discretionary process outlined below, athletes will maintain their position on the national team at the same status level (A, B, or C Team) held as of 12/31/2020.

Additional Athletes *may* be added to roster and/or athletes may be moved to a higher team level via the discretionary selection process outlined below. Road athletes applying for consideration by the discretionary selection committee should include results for consideration from the following events:

- 2018-2019 U.S. Paralympics Cycling or USA Cycling domestic road competitions
- 2018-2019 UCI international Para-cycling road competitions

---

**DISCRETIONARY CRITERIA (2021 Term 1 only)**

U.S. Paralympics Cycling *may* use discretionary criteria to name additional athletes to the 2021 National Team who have not met the objective criteria for the National Team (or to move athletes to a higher level on the team) for several reasons. These include, but are not limited to, injury or illness (via the “Injury or Illness Provision” of the National Team Agreement) and the occurrence of exceptional circumstances (e.g. earthquakes, cancellation of IF events, epidemics, riots).
Discretionary nominations, if any, may be based on a variety of factors, including consideration of competition results outside of the (12-month) selection period and data analytics of individual and relay events, to ensure that U.S. Paralympics Cycling is investing in the most qualified athletes with the greatest potential of winning Paralympic Games medals. The following factors will be considered when considering an athlete for discretionary selection:

- athlete won a medal in a 2020/21 Paralympic Games event at the Track or Road World Championships, or road World Cups during the 2018, 2019, or 2020 season and is returning from an illness or injury that prevented them from being named to the national team for 2019.
- athlete demonstrates a trend of improving performance that could result in a medal-winning performance at the 2020/21 Paralympic Games
- athlete was reclassified in 2019 or 2020 and has demonstrated potential that could result in a medal-winning performance in the new classification at the 2020/21 Paralympic Games.
- athlete is eligible for and needed to complete the make-up of a team event team event due to specific sport class requirements for the event.

Discretionary nominations for the National Team, along with team level and term length, will be determined by a panel of three U.S. Paralympics Cycling high performance program staff and two elite athlete representatives meeting the eligibility requirements under, and appointed pursuant to, the USOPC Bylaws.

Only athletes who apply via the online application, and by the 5:00 pm MST January 5, 2021 deadline, will be considered by the discretionary committee. The online application can be found at the following url:

https://usoc.az1.qualtrics.com/jfe/form/SV_80L3WlerQ00JI4R

Athletes will be notified of the outcome of their application on or before January 15, 2021.

**TERM #2 (July 1 – December 31, 2021)**

**National A & B Team:**

Only athletes who have been selected to the 2020/21 Tokyo Paralympic Games Team will be named to the National A or National B Team for the second term of 2021.

- For athletes who have made the 2020/21 Tokyo Paralympic Games Team, two ranking lists will be created:
  - Track: Men & Women combined
  - Road: Men & Women combined
- Results from the following events will be used to create the ranking lists:
  - 2020 UCI Para-cycling Track World Championships (500m/1km TT or 3k/4k Pursuit only)
  - 2021 U.S. Paralympic Team Trials (road time trial)
Each ranking list (road or track) will include each athlete’s single best result, expressed as a percentage vs. the Tokyo 2020/21 road or track standard (see Tokyo 2020/21 Selection Procedures at: usparacycling.org) ranked lowest to highest.

- The top three (3) athletes on the combined track ranking list will be named to the National A Track Team
- The top seven (7) athletes on the combined road ranking list will be named to the National A Road Team
- The remaining athletes on the combined ranking list will be named to the National B Team (road or track)

**National C Team:** The top two (2) track athletes and the top four (4) road athletes on each ranking list, who did not make the 2020/21 Tokyo Paralympic Games team will be named to the National C Team (road or track).

- Athletes nominated to the 2021 National A and B Teams will be added to the USADA Registered Testing Pool/Clean Athlete Program and will be responsible for remaining compliant with all policies and procedures, required by USADA. More information regarding USADA can be found in Attachment E.
- Prior to being nominated to the National Team, athletes **must have undergone international classification evaluation and hold an international Paralympic-eligible sport class** as per the UCI master list, and hold a current season international license for Para-cycling from USA Cycling.

**2022 NATIONAL TEAM**

U.S. Paralympics Cycling will nominate a National Team(s) for 2022, based on athlete performances during the 2021 season. Specific criteria for the 2022 National Team will be included in this plan during the first quarter of 2021.

**2021 National Team Standards**

**TRACK**

2021 National Team track standards are based on 103% of 2nd-placed results (averaged) for each sport class from the 1-kilometer / 500-meter time trial and the 3-kilometer / 4-kilometer pursuit at the events listed below. 100% or less of the standard suggests that an athlete has the potential to rank in the top-6 within their sport class internationally.

- 2020 UCI Para-cycling Track World Championships
- 2019 UCI Para-cycling Track World Championships
- 2018 UCI Para-cycling Track World Championships
- 2017 UCI Para-cycling Track World Championships
ROAD

The 2021 road standards are a tool to measure athlete performances in time trials, to determine each rider’s international competitiveness. 100% or less of the standard suggests that an athlete has the potential to rank in the top-6 within their sport class internationally.

Standards are built by using 1st-placed time trial results (averaged) for each sport class from UCI Road World Cups and UCI Road World Championships held between 1/1/2016 and 12/31/2019, to create a per-kilometer standard. Events included in the dataset must meet the following criteria:

- The course was an out/back or a circuit
- The same course (or the majority of the same course) was used for all sport classes
- The course elevation profile was appropriate for all sport classes
- Participation was greater than 200 total athletes

Road time trials that meet the above criteria are:

- 2019 UCI World Championships, Emmen, Netherlands
- 2019 UCI World Cup #3, Baie Comeau, Quebec
- 2019 UCI World Cup #2, Ostend, Belgium
- 2018 UCI Road Worlds, Maniago, Italy
- 2018 UCI World Cup, Emmen, Netherlands
- 2018 UCI World Cup, Ostend, Belgium
- 2017 UCI World Championships, Pietermaritzburg, S. Africa
- 2017 UCI World Cup, Emmen, Netherlands
- 2017 UCI World Cup, Ostend, Belgium
- 2017 UCI World Cup, Maniago, Italy
- 2016 UCI World Cup, Basque Country, Spain
- 2016 UCI World Cup, Ostend, Belgium

2021 OPERATION GOLD

The Operation gold qualifying event for Para-cycling is the 2020/21 Paralympic Games in Tokyo.

In a Paralympic Games year, teams and individuals must place in the top-three at the Paralympic Games to qualify for Operation Gold Awards; multiple Operation Gold Awards can be received if an athlete has multiple top-three finishes at the Paralympic Games.

For purposes of Operation Gold, a team is defined as three or more athletes (pairs are awarded at the same rate as individual athletes).

2021 U.S. Paralympics Cycling Athlete Stipends

1. Athlete stipends are processed monthly on/before the first day of each month.
2. Athletes are eligible for athlete stipends at the beginning of the month following nomination to the National Team(s).
3. Athlete stipends are provided to athletes that are in compliance with their 2021 Athlete Agreement obligations and personal performance plan obligations. If an athlete is not current with the agreement/plan obligations and/or USADA on the first day of the month in which the payment is being made, the athlete’s payment will be withheld until he/she is compliant.
4. Athletes sanctioned by USADA, WADA and/or the respective sport IF for a doping violation are not eligible for an athlete stipend, regardless of any National Team(s) status, during the period of such sanction.
5. Athletes sanctioned by the IPC and/or the respective sport IF for classification Intentional Misrepresentation are not eligible for an athlete stipend, regardless of any National Team(s) status, during the period of such sanction.
6. Athletes sanctioned by the U.S. Center for SafeSport, the USOPC, or another National Governing Body (NGB) for a SafeSport Code violation are not eligible for athlete stipends, regardless of any National Team(s) status, during the period of such sanction.
7. Athlete stipends will only be paid once the USOPC’s Athlete Stipend Designee Form, Direct Deposit Form and W-9 Form have been completed and submitted (annual basis).
8. Athlete stipends are paid directly to the athlete. National Team athletes are responsible for understanding and maintaining their own eligibility status with other organizations where applicable (i.e. NCAA, NFHS, etc.), and may choose to decline athlete stipend payments in order to retain high school or collegiate eligibility.
9. Athlete stipends will be reported to the IRS and may be subject to federal and state income tax. The USOPC encourages athletes to speak with a tax professional to receive guidance regarding tax implications.
10. Female athletes who become pregnant must inform the USOPC health benefits administrator at eahi@USOPC.org. More information can be found on the EAHI website.
11. Athlete support is contingent upon:
   a. Athlete attendance at mandatory National Team events/activities.
      i. Failure to attend required activities as outlined above, or in the athlete’s personal performance plan could impact an athlete’s national team status and/or eligibility for benefits.
   b. Athletes must move up one level on the National Team (i.e. from C to B, or from B to A) within two (2) terms in order to maintain National Team status. An athlete who has been at the same level for two terms and does not qualify for a higher-level will not be named to the National Team. Note: This requirement has been paused for 2021 and will only be applied to the 2022 National Team naming process.

Travel expenses to UCI World Cup, or World Championship events may be covered, only for athletes named to the roster per the selection procedures for that event. Travel for NT athletes to attend selection events or the National Championships is not funded; however, attendance by NT athletes at any event may be required per each athlete’s respective Athlete Performance Plan.

U.S. Anti-Doping Agency (USADA)

Whereabouts:
An important part of USADA’s testing program is the ability to test athletes without any advance notice in an out-of-competition setting. Athletes are subject to testing 365 days a year and do not have “off-seasons” or cutoff periods in which testing does not occur. Whereabouts information, (dates, times, locations, etc.) is information submitted to USADA by an athlete that allows the athlete to be located for out-of-competition testing.

For more information on whereabouts, please go to https://www.usada.org/testing/whereabouts/.

Therapeutic Use Exemptions (TUEs):
In some situations, an athlete may have an illness or condition that requires the use of medication listed on the World Anti-Doping Agency’s Prohibited List. USADA can grant a Therapeutic Use Exemption (TUE) in these situations in compliance with the World Anti-Doping Agency International Standard for TUEs. The TUE application process is thorough and designed to balance the need to provide athletes access to critical medication while protecting the rights of clean athletes to compete on a level playing field.

For more information on TUEs, please go to https://www.usada.org/substances/tue/.

Global Drug Reference Online (Global DRO):
The Global Drug Reference Online (Global DRO) provides athletes and support personnel with information about the prohibited status of specific medications based on the current World Anti-Doping Agency (WADA) Prohibited List.

Global DRO does not contain information on, or that applies to, any dietary supplements.

The Global DRO can be found at https://www.globaldro.com/Home.

- Staff will be considerate of the athlete and will avoid all but inadvertent touching of the groin, buttocks, and breast area.
