2. Scholarship grants will be payable to the recipient for use in enrolling in a college or qualified institution of his or her choice or for tuition and/or books for current or next scholastic year. However, initiation of use for the scholarship must not be delayed more than one full calendar year following receipt of the award, otherwise it is forfeited.
3. Any money awarded to an athlete not used for its intended purpose, must be returned to the Foundation. This would include drop outs or cancellations after registration.

**SCHOLARSHIPS**

The Foundation for Amateur Roller Skating

**Criteria for Selection:** USFARS Selection Committee will evaluate all applications received by the deadline, selecting three recipients based on membership and competitive eligibility, scholastic achievement, and monetary need based on other scholarships attained.

**PURPOSE**

Educational scholarships initiated by the US Foundation for Amateur Roller Skating in cooperation with the National Governing Body of Roller Skating, USA Roller Sports, are intended to help defray a portion of the athlete’s educational costs, and in so doing encourage athletes to further their formal education in preparation for life-long career goals. Grants are paid directly to the individual for educational tuition fees, books, lab fees and/or dormitory housing.

To qualify, the projected educational institutions must be an accredited college or university, technical or trade school that provides career education.

**YOU HAVE BEEN SUCCESSFUL**

There may be an opportunity to continue that success in furthering your education. The US Foundation for Amateur Roller Skating offers scholarships for successful skaters who have competed at the National Championships. If you are interested, please open this brochure and see if this is something that will help you to continue your education now and after your skating career.
